WELCOME TO YOUR DATE NIGHT TIME CAPSULE KIT!

Below we have everything you need to get started on preserving your memories. First, start by deciding WHEN you want to open up your Time Capsule. Next year? Five years? Ten? Once you decide write in your last name and the opening date on the sheet below. This sheet will be taped over the opening of your time capsule, making sure it stays sealed until you decide to open it! Besides filling out the sheets below, here are some other ideas of things you can add to your Time Capsule:

- Relevant news or magazine articles
- Ticket stubs
- Dried flowers
- Menu
- Corks or bottle caps
