# Chopped Ingredient Challenge

---

---

Time to test your culinary prowess. Split your family into two teams and assign one team “main” and the other “dessert” courses. Go to the grocery store and choose 2-3 ingredients the other team MUST use in their dish. Don’t go too crazy! Then spend the evening creating your dishes as a team and enjoying your dishes together as a family!

1. What is your favorite dish that you wish we had more often at home?
2. If you could be on any reality show, what would it be?
3. If Jesus came to spend the day with you, what food do you think He would be most excited to try?
4. What kind of food do you think we will eat in heaven?
5. What’s your biggest prayer request?
